

Senate Plans Continuous Session to Force Passage of Administration War Resolution

PROMPT ACTION BALKED AGAIN BY LA FOLLETTE.

House is Expected to Adopt Declaration Before Tonight.

WASHINGTON, April 3.—The way was cleared on both sides of the Capitol today for prompt enactment of the administration resolution declaring a state of war exists with Germany and directing the President to prosecute it with all the nation's resources to a successful termination.

House before tomorrow night is expected to pass the resolution, which is expected to be passed by the Senate tomorrow morning.

WASHINGTON, April 3.—The way was cleared on both sides of the Capitol today for prompt enactment of the administration resolution declaring a state of war exists with Germany and directing the President to prosecute it with all the nation's resources to a successful termination.

CAPITAL OF ILLINOIS IS CARRIED BY DRY.

CHICAGO, April 3.—Local option elections were carried by the drys in a score of Illinois towns today, and Springfield barred saloons from the capital of the State by a majority of 455 votes rolled up by women voters to overcome a pl...

ESCAPED GERMAN SAILOR IS ARRESTED AS A SPY.

PHOENIX, April 3.—Ernest Schmidt, after having made application to join the Arizona National Guard, today was arrested as an escaped sailor from an interned German freighter. Schmidt escaped, it was said, from a vessel interned at a Mexican port and made his way into this country through Nogales.

CHICAGO DEMOCRATS WIN VICTORY AT THE POLLS.

CHICAGO, April 3.—Democrats elected a City Clerk and Treasurer, the only two offices voted for aside from Aldermen in today's municipal elections.

PLOT TO INCITE BLACKS REPORTED FROM SOUTH.

GREENSBORO (N. C.) April 3.—The Germans have undertaken a carefully worked-out scheme to incite the negroes in the South to rise against the whites and the government. This fact is now well established after a careful investigation. Treason is in the southern air, thanks to the work of the Teuton agents, whose contacts reach out all over the country from New York to California.

CONSCRIPTION BY LOT OF COUNTRY'S YOUNG MEN.

Age Limit for First Half Million to be from Eighteen to Twenty-three.

WASHINGTON, April 3.—Administration plans for raising an army on the principle of universal liability to service, to be submitted to Congress as soon as the pending war resolution is adopted, are based on selective conscription of young men to be summoned to the colors as rapidly as they can be trained and officered. A detailed scheme for the registration of eligibles has been worked out.

**Resolution BY LOT OF YOUNG MEN**  
Half Million may Twenty-three.

**WIRE.]**  
In recent discussions a number of 18 years and a maximum of 25 years have been mentioned. Under existing laws were taken to those already taken. The direction by Secretary of War. The first class at the War Military Academy be given April 20, supplying 125,000 young officers. The Navy Department it was taken to insure close cooperation of the American fleet and the Entente Allies when the American Embassy in London was in close touch with the Admiralty. The standardization of the munitions will be one of the steps taken under the National Defense Council. Munitions and adequate flow of arms and ammunition of the will be insured, not only American forces, but to the Allies.

**DEFENSE COUNCIL.**  
National Defense Council has been planning to recommend for standardization prices for munitions, but it has been discovered that under the Defense Act of June 3, 1915, supplying of all kinds of munitions.

**Frederick taking.**  
**PRIVATE SECRETS TO BE OURS ALSO.**  
TO CATCH A U-BOAT. IN REAL EXPERTS.

**WIRE.]**  
WASHINGTON, April 3.—All the secret secrets of submarine warfare developed by the Entente are expected to come to the possession of the American people. The United States is now in the war. The general way it is known that the capture of nets, airplanes, trawlers and submarine-chasers the navy has gathered in many cases have been placed in the hands of the navy. During the first month of the campaign of ruthlessness the navy reported here that the forces took twenty submarines. As the capacity of the navy grows, the construction has been said to be two submarines. The suppression of the navy would seem to depend on the development of efficiency in the navy.

**WIRE.]**  
WASHINGTON, April 3.—Col. ... on his way home from ... a flying trip to ... between trains today ... President Wilson on ... to Congress. When he ... the President at work in the ... he left his card with ... and rushed back to ... station.

**WIRE.]**  
WASHINGTON, April 3.—The General Appropriation Bill for the supply of munitions and equipment for the army and navy was passed by the House today. The bill provides for the supply of munitions and equipment for the army and navy.

**Conscription by Lot**  
(Continued from Second Page.)  
rial is made obligatory on all firms and individuals "at a reasonable price to be determined by the Secretary of War." In case of violations the government is authorized to seize plants and institute commercial proceedings. So far, however, firms generally have indicated entire willingness to co-operate with the government.

Only one big move in preparation for war remains to be made in the Navy Department. That is mobilization of the Naval Militia and the various classes of the naval reserve. The former will go to the reserve ships of the line, filling out skeleton crews and making the ships ready for action. From the latter will come the men for the coast patrol and submarine chaser services, as well as additional men for line ships.

Probably 15,000 men could be added to the navy personnel at once by this mobilization. It has been estimated that double that number would be required for full patrol of the coast. The navy has returned to the United States. Every effort was made to carry out the plan. The navy has returned to the United States. Every effort was made to carry out the plan.

In connection with the army plan it was pointed out today that under the present National Defense Act the National Guard is authorized to its full strength by draft. The force has an authorized total strength of 440,000, and its present strength is about 140,000. Orders to muster out men with dependent families and those in the government service or at work in government contracts may reduce this number considerably.

The authorized strength of the regular is about 200,000 men of all branches. That service, unless change is made in the law, would be filled up with volunteers, men who wish to engage in soldiering as a professional occupation. Committees of the Chamber of Commerce of the United States named to co-operate with the defense council, met today to work out with the War Department the problem of supplies. Chairman of fourteen committees, distributed throughout the country's military departments, were present. They will return home carrying plans for aiding army district depot quartermasters in the purchase of equipment and for preventing excess war profits.

**PLANS FOR EXEMPTION FROM ACTIVE SERVICE.**  
WASHINGTON, April 3.—Complete plans are being drawn up at the War Department for exempting certain classes of men from active military service in case Congress approves President Wilson's plan for raising an army on the principle of universal liability to service. In addition to exempting on the first call married men and men with others directly dependent upon them, provision will also be made for exempting skilled workers in many industries. Such workers will be looked upon as performing military service if they continue labor necessary for the industrial welfare of the nation.

**CADETSHIPS OPEN TO CALIFORNIANS.**  
WASHINGTON, April 3.—The examination for appointment to the Naval Academy at Annapolis, on February 19, candidates named by his predecessor as principal and alternates for appointment No. 1 failed to pass. However, Albert F. Arkush of Santa Monica, the principal, was recommended for re-examination at the examination to be held April 17. On appointment No. 2 the principal candidate for midshipman, Walter E. Moore, passed, but both alternates failed.

**Base in Mexico.**  
(Continued from First Page.)  
nephew in Panama City as follows: "Since President Wilson has gone before Congress to ask it to declare that a state of war exists between the United States and the German government, I feel morally obliged to make public information which I have concerning the German intrigue against the United States in Costa Rica."

"President Alfredo Gonzalez constantly was under German influence through a certain well-known German, who is well known in Costa Rica. Recently he generally is regarded as the official German agent there. This German was the official adviser to Gonzalez. His opinions were accepted by the government as facts in all matters pertaining to policy, politics and finance. This man was called the Rasputin of Costa Rica."

The official newspaper of the government, El Imparcial, was controlled by Gonzalez and this German. The newspaper was openly pro-German and anti-American. There appeared in the paper the German influence in Costa Rica. The newspaper was openly pro-German and anti-American. There appeared in the paper the German influence in Costa Rica.

"The German also was responsible for the enactment of a law by Gonzalez which placed the control of the wireless telegraph of Costa Rica in the hands of private individuals. This law was enacted in 1915. It was a law which placed the control of the wireless telegraph of Costa Rica in the hands of private individuals. This law was enacted in 1915. It was a law which placed the control of the wireless telegraph of Costa Rica in the hands of private individuals.

**MAY BREAK WITH GERMANY.**  
Men who are factors in Latin-American business and in finance, said yesterday that they expected a break in diplomatic relations between every Central American country, except El Salvador, with Germany soon.

"El Salvador and Colombia are being influenced entirely by their hatred of the United States and by Mexico," said one of these men yesterday. "German propaganda in Latin America has been carried on from Mexico City. It has lined up Mexico, El Salvador and Colombia on the side of Germany. They are being influenced entirely by their hatred of the United States and by Mexico."

**MANY CASES OF RHEUMATISM NOW**  
Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat.

**TELEGRAMS PLEDGE PRESIDENT SUPPORT.**  
WASHINGTON, April 3.—There was a sudden and noticeable change in the general tenor of telegrams received today at the White House. While for the last two weeks the messages have been almost evenly divided between those counselling war and those advising peace, practically all today expressed enthusiastic support of the President.

**WIRE.]**  
WASHINGTON, April 3.—The General Appropriation Bill for the supply of munitions and equipment for the army and navy was passed by the House today. The bill provides for the supply of munitions and equipment for the army and navy.

**MEXICO MAY NOW ATTACK US, IS PRO-GERMAN HINT.**  
(BY CABLE AND A.P.)  
BUENOS AIRES, April 3.—Discussing President Wilson's speech, La Prensa says: "The United States now abandons its policy of abstention as regards European problems. However, it is unlikely that the United States will send to Europe troops in sufficient numbers to turn the scale in favor of the Allies, but it would be futile to deny the importance of the aid given by such a rich nation as the United States."

He asserted that Germany was in direct communication with Mexico by wireless, and that from the Mexico City station dispatches were relayed to points in Central America and from there sent to the United States through the mails. "In this way Germany is able to keep touch with the United States in the Americas," he said. "The Berlin government is able to direct its spies to carry on its propaganda unopposed."

**POINCARÉ AT THE FRONT.**  
PARIS, April 3, 1:40 p.m.—President Poincaré today visited the towns in the Somme region, devastated by the Germans during their retreat. Addressing the townspeople, the President said the French nation was resolved to continue the war until a victory, which assured the victims of full reparation for all atrocities committed was obtained.

**CONTROL OF WIRELESS.**  
The German also was responsible for the enactment of a law by Gonzalez which placed the control of the wireless telegraph of Costa Rica in the hands of private individuals. This law was enacted in 1915. It was a law which placed the control of the wireless telegraph of Costa Rica in the hands of private individuals. This law was enacted in 1915. ## CARD SWIMMERS TRY CLUB TANK

Balbach Looks Like a Real Diving Hero.

Capt. Goldsmith Expects the Team to Win.

Local Athletes Plan Nifty Meet Friday.

By WARDE FOWLER.

A violent commotion was instituted in the Los Angeles Athletic Club tank late yesterday afternoon. Balbach, demon high diver of Stanford University, breezed into town and opened his training campaign with a few neat dives in the L.A.A.C. pool.

Several local stars, lining the banks of the marble tank, observed Balbach in action, and they retired with their hearts in their mouths, or, rather, throats. Balbach exhibited as much class and grace in the water with so little effort that the stock of the local high diver, Bill Williams, dropped several pegs. Bill is still the favorite, but it is generally admitted that he will have to show a terrific amount of class to win.

Balbach is diving in better form than he has ever shown. He is comparatively new to the sport, but he has the water at all times when he hits it. A few rippling spread out toward the sides of the pool, a little splash, and Balbach is back in the water, and that is about all.

The Cardinals are depending on this act to give five choice points in the fancy diving, and their hopes appear to be pretty well grounded. Billy Williams, however, is champion himself, and if he is going in regulation style there will be some exciting times before a winner is selected.

Goldsmith, the plunge-for-distance hero of Stanford, also gave the local pool a tryout, and pronounced it up to scratch. Goldsmith took a few preliminary dives and succeeded in traveling fifty-seven feet. This is a fair plunge, but not likely to win honors in southern circles, as several of the locals can do sixty feet without apparent effort.

The L.A.A.C. swimmers have been working their heads off for the Stanford meet, and are in excellent shape. All of the sprint champions appear to be as fast as they make "ten," and the distance points are dog-eat-dog.

A couple of aspiring L.A.A.C. swimmers were down at Los Henty's Ocean Park yesterday afternoon practicing up for the coming tourney. They asserted that a little salt water would make a difference in a better shape for the final sprint.

The Stanford-L.A.A.C. meet is scheduled for Friday evening, April 6. It is open to the public, and a large crowd is expected. Many Stanford students are in Southern California at present, and all of these will be on hand to howl for a Cardinal victory.

Cameron Coffey and Allison Allen have promised to be on deck for exhibition, and these features will be decidedly to the class of the occasion.

**FINAL CLASSIC CLOSES SEASON.**  
BIG TRACK MEET COMES WEEK FROM SATURDAY.

Numerous Extra Events to be Run off in Addition to the Regular Staff Handled Out at All Affairs of this Nature—Pasadena High Stands Chance at Trophy.

Bob Weaver, father of athletics in Southern California, herewith introduced the "A.A.U. & P.A. of the A.A.U. track and field championships." This long drawn-out name, when skinned down into understandable form, goes like this: The A.A.U. track meet.

This annual track affair is a final wind-up of all the season's efforts. Athletes of all kinds, color and conditions are invited to compete. Colleges, universities, clubs, etc., will enter teams and the points will probably be split about 154 ways.

Individuals, with no connections whatever, may show up on the field and endeavor to win the meet all by themselves. Twins, such as the Lamports, can enter themselves as a family team and, by winning the meet, make their name famous in the Southern.

Entry blanks are now out for the big affair and officials are hoping that a record-breaking number of contestants will be lined up. All blanks will have to be in by Tuesday, April 10. E. B. Giffen, chairman of the Track and Field Committee, has been boasting the meet in every way possible and most of the educational institutions in Southern California are more or less interested.

The programme for the "A.S.P.A. of the A.A.U. & P.A." is a lengthy affair combining both events and special events. The regular events are as follows: 100-yard dash (male), 200-yard dash (male), 400-yard dash (male), 800-yard dash (male), 1600-yard dash (male), 3200-yard dash (male), 5000-yard dash (male), 10000-yard dash (male), 20000-yard dash (male), 40000-yard dash (male), 80000-yard dash (male), 160000-yard dash (male), 320000-yard dash (male), 640000-yard dash (male), 1280000-yard dash (male), 2560000-yard dash (male), 5120000-yard dash (male), 10240000-yard dash (male), 20480000-yard dash (male), 40960000-yard dash (male), 81920000-yard dash (male), 163840000-yard dash (male), ## FOR JUDICIAL EXECUTIONER.

Commissioner of Justice is Latest for State.

To be Appointive Officer and Exercise Regal Sway.

Also Plan Other Changes in Legal Machinery.

Four proposed constitutional amendments aimed at radical changes in court procedure will be considered tomorrow by the judiciary and constitutional amendment committees of the Legislature. Because of the congestion in the superior courts of the State and the two courts of appeal, the proposed amendments, it is believed, will hasten litigation in the State, which is now a year or more behind.

One amendment, which was framed from suggestions by the Los Angeles Bar Association, provides for increasing the personnel of the District Court of Appeals by two additional divisions in the First Appellate district. This court sits in San Francisco. The second district court sits in Los Angeles. It is proposed to increase each division by three more judges, making the number six.

An increase in the jurisdiction of the township and police courts is proposed in the second amendment by raising the amount from \$500 to \$1000. The provision is that appeal cases from such courts could not go beyond the Superior Court.

Another important amendment is one providing for the appointment by the Governor and the Chief Justice of the Supreme Court of a commissioner of justice who will investigate the entire judicial system of the State, recommending reforms and the removal of judges for neglect of duty, inefficiency or incapacity and recommending assignments of judges to fill temporary vacancies.

The fourth amendment would give the Supreme Court more power in reforming court procedure by prescribing forms of writs and process, and by the mode of framing and filing proceedings and the production of evidence.

## DISFRANCHISEMENT FOR POLITICIAN.

DOES VOTE FOR THREE YEARS BY ORDER OF COURT.

Convicted of Falsifying Primary Returns, Morris P. Light is Given Probation, with Inhibition Attached—Seriousness of Offense Emphasized by Judge.

Morris P. Light, active in politics for many years, was sentenced by Superior Judge Willis yesterday to withdraw his name from the list of registered voters in the city and deny himself the privilege of having a voice in the government for three years, as a penalty for having violated the election laws.

Several weeks ago he was convicted of having made false returns from precinct No. 529 in the primary election, August 25, 1916. During the trial it was shown he was a supporter of Capt. W. T. Hearst in the fight for the District Attorneyship and had been promised a job if Hearst were elected.

Mrs. Mayne Jones testified she saw Light falsify ballot after ballot in favor of Hearst and a recount, made after she had registered her complaint, verified her charges.

Judge Willis characterized violation of the purity of elections as next to treason and murder in seriousness, but said he had known Light for seventeen years, and believed he was not responsible for what he had done. He then placed Light on probation for three years, with the instructions he was to lose his vote for that time.

## TRUCK KILLS BOY.

Game of Catch Played with Potato in Fatal to a Nine-Year-Old; Head Crushed Under Wheel of Heavy Car; Driver Held for Inquest.

A game of catch, with a potato as the ball, played by a group of small boys at the rear of No. 605 East Ninth street, ended fatally yesterday for 9-year-old Jesus Eschborna of No. 659 Crocker street. The boy was reaching for a high "ball" when a heavy truck, in backing, struck him and knocked him down. The right rear wheel of the machine, which was driven by W. E. Carner of Hawthorne, passed over the little fellow's head, killing him instantly.

The automobile is owned by Frank Haas of Hawthorne. Mr. Carner was held for the coroner's inquest which will probably be held today. The body of the boy was taken to the mortuary of Booth & Fitch.

## CENSORSHIP.

WAR TALK BANNED.

Police Commission Backs Up Stand of Liquor Dealers' Leaders that Licensees are to be Forfeited if Arguments Arise in Saloons.

Action of the Associated Liquor Industries to prevent discussion of the war in saloons was approved yesterday by the Police Commission, which in turn instructed Chief Butler to give the license-holders warning that, unless they prohibit incendiary war conversations in their places of business, their licenses will be in jeopardy.

The liquor organization sent a letter to each of the license-holders, saying that it was allowed steps will be taken to have licensees removed. "This warning is final," said the letter.

## The Public Service.

At the Courthouse.  
ANSWERS PHONE AND LEARNS MUCH.

BRIEF CONVERSATION LEADS TO DIVORCE COURT.

Wife of Banker's Son Wins Decree on Desertion Charge, but This Isn't Because She Did not Have Other Grounds—Piquant Letters Reveal Much.

Anna Abbott McCrea answered a telephone call at her home one day and held a conversation with a mysterious woman.

"I told the caller I was Mrs. McCrea, but when I asked who she was she replied that my husband probably would not want me to know who she was."

This little sidelight on the married life of Roscoe E. McCrea, son of an Ontario banker, was followed in divorce proceedings in Judge Wood's court yesterday by the introduction of a letter addressed "My Dear Boy," and stating:

"I am not going to tell you anything about my feelings in this letter, but will talk you almost to death when I see you and hear your own explanation of the way you have acted."

The letter concluded: "I am as ever, G." The decree was granted Mrs. McCrea on the ground of desertion, Mr. McCrea having disappeared, it was stated, in Toronto, Can.

## OLD STORY.

LOVE VERSUS POVERTY.

Mrs. Ella Scott told Judge Wood yesterday in divorce proceedings against Leslie Scott, that they ran away to get married and lived together for nine months, but that Mr. Scott did not provide for her.

Mr. Scott, on the other hand, said her parents urged the marriage, and his bride was to live at their home until he got something to do.

"But," he testified, "we were no sooner married than I was hounded on all sides for money."

## BACK TO WORK.

There were nine chain gang guards who had to go on account of the stringency, but one enlisted in the army, and then there were eight.

Mr. Scott, on the other hand, said her parents urged the marriage, and his bride was to live at their home until he got something to do.

"But," he testified, "we were no sooner married than I was hounded on all sides for money."

## CHARGE IS DISMISSED.

The charge against Patrolman William Little of unbecoming conduct in sending a prisoner to an attorney, was dismissed by the Police Commission yesterday.

The attorney, who is also a patrolman and similarly accused, will be heard next Tuesday.

## "Better-informed Men Needed in Business"

"We find business demanding far better-informed and indeed broader-minded men than were formerly required."

"A railroad man who merely knows how to operate economically the trains on his tracks falls far short of what is ideal, indeed of what is absolutely necessary, if he is properly to discharge both his duties to his shareholders and to the public."

"The banker who merely knows his local credits and can successfully gather in deposits and loan them in a manner that brings the smallest margin of chance that they will not be paid cannot be regarded as filling ideally a position in the profession of banking."

"An industrial manager must have much greater technical experience and ability than was formerly needed, but he must have far more than that. He must have sound views regarding the relations of his business to society and a more highly developed social sense and responsibility than were heretofore regarded as necessary."

Frank A. Vanderlip,  
President of the National City Bank, New York.

Mr. Vanderlip says, in effect, this:

You should own and use the new Encyclopaedia Britannica.

For, whatever your position or circumstances, the Britannica is the very work you require to promote yourself to the better-informed class. It is the one complete and authoritative source of knowledge—

for the railroad man who must know more than how to run trains;

for the banker who must know more than local credits;

for the industrial manager who must possess far more than technical ability;

for the merchant who must know more than wholesale prices and profits;

for the manufacturer who must look way beyond the sky-line of his mills;

for every one.

This great work gives you what you need to master business problems; it enables you to respond with facts and practical information to fortify your judgment. It gives you the wide knowledge and broad viewpoint essential to business success.

Sets can be seen and orders left at:

A. Hamburger & Sons, Inc.,  
Broadway, Eighth and Hill Sts.

pointed. The question was raised that some one from the eligible list should have her job, but the Supervisors put up a fight to retain her. The commission held up her pay until the matter had been threshed out.

DAMAGE SUIT. Lewis C. Poor yesterday filed suit against Dr. W. V. Goodfellow and Dr. Jack Anderson for alleged malpractice, setting up that his daughter, Florence, 7 years old, died as the result of an operation for the removal of her tonsils. He asked \$10,250 damages. It is alleged that the girl's throat was lacerated and a poison set in, resulting in her death December 21st last.

JEPSON WILL. The will of Frederick Emile Jepson, who died at Santa Monica November 5, 1915, was filed for probate yesterday on the petition of the widow, Elsie Jepson. The personal property is valued at \$20,714.98, and the real estate at \$18,609. Besides the widow, the heir-at-law are five nephews and two nieces, three of whom live in Germany.

INVOLVED. In a suit on trial before Judge Shenk, the Union League Holding Company and Paul Engstrom. This \$50,544 from the P. O. Engstrom Company and Paul Engstrom. This is alleged to be due on a stock subscription to the Union League Building corporation. It is alleged that the holding company obtained a judgment against the Union League Building corporation for this sum, and the holding company contends the Engstrom Company is responsible under the stockholders' liability act.

The Engstrom Company, on the other hand, contends that the stock was fully paid for at the time the Union League Building was constructed. It was decided at the conference of the Board of Supervisors, it is alleged, the stock held by the Engstrom Company was transferred to him, Paul Engstrom was made a defendant.

BACK TO WORK.

There were nine chain gang guards who had to go on account of the stringency, but one enlisted in the army, and then there were eight.

Mr. Scott, on the other hand, said her parents urged the marriage, and his bride was to live at their home until he got something to do.

"But," he testified, "we were no sooner married than I was hounded on all sides for money."

## CHARGE IS DISMISSED.

The charge against Patrolman William Little of unbecoming conduct in sending a prisoner to an attorney, was dismissed by the Police Commission yesterday.

The attorney, who is also a patrolman and similarly accused, will be heard next Tuesday.

## FULL INFORMATION AS TO CITY MONEY.

TREASURER SUGGESTS PLAN TO MAKE BETTER REPORTS.

Requests Mayor and the Finance Committee to Assist Auditor in Inspection and Count of Cash. Total on Hand at End of Last Month was Over Twenty Million.

Accompanying his monthly report of the city's financial status, City Treasurer Powell yesterday recommended to Mayor Woodman that in the future the Mayor and members of the Finance Committee act in conjunction with the Auditor in the inspection and counting of the city's money. "This will give me a more satisfactory and comprehensive verification of my reports," said Mr. Powell.

"I am suggesting this owing to the reason that the funds obtained in the city treasury are not individual moneys, but belong to the citizens of Los Angeles as a whole, and for that reason I desire particularly that they be fully informed officially as to their financial affairs."

The treasurer's report shows that there was a grand total of \$20,542,723.34 in his custody on March 31.

More About "Movies." Further hearing of protests against the proposed "movie" ordinance, which would prohibit children under 14 years of age attending picture shows unless accompanied by parent or guardian, will be held tomorrow morning at 11 o'clock. The Public Welfare Committee has heard the other side to the argument.

## To Serve Exposition Park.

The Board of Public Utilities was instructed yesterday by the Council to confer with the Los Angeles Railway Company and the Pacific Electric Railway Company on the question of laying a third rail on Exposition boulevard. The purpose is to provide an easy way for the yellow cars to get into the park over the red lines.

## At the City Hall.

A retaining wall along the fill at Evergreen Cemetery is to be constructed at once, the Council yesterday instructing the City Engineer to prepare the necessary ordinance.

Taxes charged against the First German Baptist Church were cancelled yesterday by the Council, after it had been petitioned by members of the congregation.

Members of the Social Service Commission will have their expenses paid when they go to the State conference in Oakland and the National Conference of Charities and Correction in Pittsburgh, Pa., next June. The Council yesterday arranged the financial end of the trips.

The restaurant liquor license held by Police Lombardo at No. 540 New High street yesterday was transferred to No. 221 Sunset boulevard.

## BATHE INTERNALLY

OVER 500,000 PEOPLE ARE NOW DOING SO.

For many years physicians have agreed that the vast majority of human life is caused by accumulated waste in the lower intestine; that in our present state of living Nature could and should remove all this waste without assistance, no matter how regular we might be, and that the poison from this waste circulated through the blood put us away down below par and was responsible for many diseases of a serious nature.

During this time the "J. B. L. Cascade" for internal bathing has, because of their recommendation and those of its users, been steadily growing in favor.

Recently, however, the startling news which has been covering this country that great surgeons and specialists have been operating on the lower intestine for the most chronic and serious diseases has caused Americans to become thoroughly awake to the importance of keeping this Lower Intestine free from all poisonous waste matter, and over 500,000 are now using Internal Baths.

If you try the "J. B. L. Cascade" you will find yourself always bright, confident and capable—the poisonous waste makes us ill, blue, dull and nervous. Internal Baths are Nature's own cure for Constipation—just warm water properly applied. Drugs force Nature—the "J. B. L. Cascade" gently assists her.

Call and see it at The Owl Drug Co., Fifth and Broadway, Fifth and Spring, Third and Spring, 825 Broadway, Seventh and Hill—or ask them for "Why Man of Today is Only 40 Per Cent. Efficient," a booklet of great interest, which is given free on request.—Advertisement.

## City Hall Briefs.

Peace in

Wedge.

PIERCE GERMAN

IMPERILS OD

Hindenburg's Offensive

sians Probably Now

BY ATLANTIC CABLE AND DIRECT WIRE

LONDON, April 4.—After a

force attack with success-

ive gas waves and chemi-

cal shells, German troops yester-

day drove the Russians back

and forced a crossing to the east

bank of the Stokhod River,

thirty-five miles northeast of

Kovel, according to the official

report from Berlin and the ad-

mission of the Russian wireless

from Petrograd. This forces a

wedge into the Russian lines as

established by Gen. Brusiloff in

a drive into Galicia early last

summer.

The Russian forces held

a bridge head on the west bank

of the stream at the St. Chev-

iche-Helenin station, where

they had established a munici-

pal depot. The Germans

opened a heavy fire on this sta-

tion as well as on the river pas-

sage, freely using encephalitic

shells. This fire was accompa-

nied by thirteen waves of chlo-

rine gas emitted from the Hel-

sen-Borovo sector.

Trojan regiments then took

the offensive on a considerable

front and drove back the Rus-

sian troops. Certain German

detachments managed to cross

the river to the northeast of

the station.
